

ESQUEL SUMMER INTERNSHIP PROGRAM

MAKING A DIFFERENCE

ESQUEL GROUP

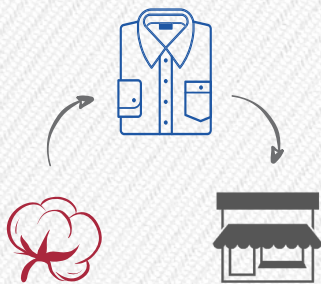

www.esquel.com

Who Are We?

Established in 1978, Esquel Group is a leading textile and apparel manufacturer with a **vertically-integrated supply chain from cottonseed research to retailing**. With multiple facilities and strategically located merchandising offices, Esquel is positioned to serve business partners around the globe. We produce for the biggest names in the fashion world such as Anta, Hugo Boss, Muji and Ralph Lauren. With around 35,000 employees globally, Esquel has manufacturing facilities located in China, Sri Lanka and Vietnam, and merchandising offices servicing markets worldwide.

Long an advocate in innovation, environmental protection and sustainability, Esquel aspires to **make a difference in the textile and apparel industry and contribute to the well-being of the wider community**. Through our retail brands PYE and DETERMINANT, we communicate our **belief in sustainability and the promotion of advancement** directly to the world.

Our Summer Interns

Tiffany Lau

Information Systems, HKUST
2017 Summer Intern, Information Technology
2018 Management Trainee
Current: Assistant Manager, Apparel Sales

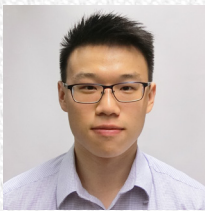

This internship experience was fruitful and rewarding. Not only was I able to experience a day-to-day dynamic work environment, I was also given the opportunity to explore different possibilities through my business trips to several mainland cities. The guidance from my managers were inspirational to my future career development.

This program offered me extraordinary opportunities to participate in key projects and to experience the mission - "Fun People Serving Happy Customers". I was impressed by the company's efforts to foster young talents. Throughout the program I was always motivated to voice out my ideas and learn to be a leader.

Marlin Kwok

Management, University of Warwick
2018 Summer Intern, Global Operations
2019 Management Trainee

Brian Chen

Mathematics and Statistics, University of Oxford
2019 Summer Intern, Human Resources

Being in Esquel's Human Resources Data Analytics team as a summer intern has been akin to having access to an exquisite playground flush with fascinating data with which I can try out bold ideas no matter how unconventional they are.

This program was a very rewarding experience for me. I really appreciate the opportunities and freedom Esquel offered us to apply what we have learnt in college to the workplace. The workplace atmosphere is splendid – you always feel like you are a part of the big but closely-knit Esquel family.

Brian Wong

Computer Science, University of Pennsylvania
2019 Summer Intern, Logistics
